THE WORLD'S BEST ROCK DRILLING TOOL'S

BOUMA DRILL

THE WORLD'S BEST ROCK DRILLING TOOL'S

Zemin ve inşaat sektöründe kullanılan elmas uçlar özellikle kazık makineleri, tünel makineleri, roadheader, asfalt kazıyıcı freze, Off Shore makineleri, diyafram duvar, Hidromill Freze makineleri gibi ekipmanlarda kullanılan elmas uçlardır.

Bouma Drill'in tungsten karbür elmas uçları çeşitli zemin koşullarına uygun modeller olarak üretilmektedir.

Bouma Drill, sert kaya, yumuşak kaya, kumlu zeminler, killi zeminler, kohezyonlu zeminler gibi çeşitli jeolojik yapılara uygun standart ve özel üretim çözümler sunmaktadır.

Kesici ve delici uçlarımız en iyi malzemeler kullanılarak en yüksek kalite standartlarında üretilir ve en sıkı üretim süreçleri ve kalite kontrol altındadır.

Farklı zemin koşullarına ve inşaat ortamına bağlı olarak özel çözümler sunuyoruz, böylece projelerinizin zamanını ve maliyetini optimize ediyoruz.
